RAH GILI MALDIVES marks the debut of the SIX & SIX PRIVATE ISLANDS brand—a new collection redefining what modern, experience-led luxury looks like in the Indian Ocean. Located in South Malé Atoll beside a secluded dolphin sanctuary, the resort is grounded in emotional design, sensory detail, and a refined sense of place.

The island features 74 private villas, including 37 overwater, all with private pools and spacious indoor-outdoor layouts. Architecture and interiors use natural, locally inspired materials—wood, stone, linen—to create spaces that feel elemental and elevated. RAH GILI's culinary programming includes six restaurants and four bars, supported by pop-ups, in-villa menus, and curated destination dining. Each venue is rooted in a distinct narrative, with flavour and setting thoughtfully aligned. A dedicated Music Curator designs the island's buzzing atmosphere, scoring everything from early-morning stillness to golden hour and beyond. The spa is operated by ELE|NA, a wellness concept rooted in the Five Elements of Nature: Wood, Fire, Earth, Metal, and Water. Drawing from both local Maldivian healing traditions and global practices, the spa integrates bodywork, breath, and seasonal rhythms to realign mind and spirit. Visiting experts in fitness and nutrition complement this evolving wellness program. Additional resort features include a Kids Club, outdoor cinema, gym, multi-sport courts, water sports and dive centre, and a curated boutique. The house reef offers direct access to vibrant marine life and some of the Maldives' most exceptional snorkelling and diving experiences. RAH GILI offers more than just privacy and design—it's an invitation to live in rhythm, to connect with place, and to explore new expressions of well-being. As the first of six planned private islands, it sets a new tone for luxury hospitality in the Maldives: intentional, soulful, and story-led.
