POOLSIDE BAR

**COHIBA** – Created in 1966 for personal use of Cuban President Fidel Castro, and as diplomatic gifts for the heads of state. Cohiba cigars are produced in once top-secret El Laguito factory from tobacco being a 'selection of the selection'. Alone amongst any other Cuban Cigar, two of Cohiba's filler leaves, the seco and ligero, experience a third fermentation in barrels. This creates silkiness to the blend that leads to the unrepeatabe Cohiba experience.

**MONTECRISTO** Established in 1935 by the Menendez and Garcia families and produced in the H. Upmann factory. Montecristo's distinctive earthy, woody and nutty flavours delighted cigar smokers so much that it has reigned as the most popular Havana brand for nearly three decades. Montecristo offers a medium to fuller flavoured smoke, with a distinguished aroma appealing to both new and experienced smokers. Montecristo cigars are never boring and good for any time of the day.

**HOYO DE MONTERREY** Founded in the mid 1860's by José Gener of Cuba. The light flavour blends makes it an attractive choice for those who seek a delicate but aromatic cigar with a great complexity and elegance.

<b>Hoyo de Monterrey</b> Epicure #1	74
<b>Hoyo de Monterrey</b> Double Corona	105

**ROMEO Y JULIETA** Possibly the best known Havana brand, named after William Shakespeare's famous lovers, it dates from 1875. Founded by Alvarez Garcia it was not until 1903, when Don 'Pepin' Fernandez Rodriguez, the factory manager, acquired the business and turned it into one of Cuba's leading cigar brands. Romeo y Julieta's balanced and aromatic blend of leaves from the Vuelta Abajo region makes it the classic medium bodied cigar from Havana. The range has a cigar for every occasion, including the world famous Churchill (named after Sir Winston Churchill).

## PARTAGÁS

Established in 1845 by Don Jaime Partagás, it is one of the oldest and amongst the most famous Cuban brands. It was to ensure continuity of supply of the best Cuban tobacco that Partagás started cultivating new plantations in Vuelta and Semi Vuelta areas, where rich red soils produce some of Cuba's finest leaves. A fuller flavoured smoke, very rich, with great substance and earthiness yet well balanced cigar.
