# Innovative Design

- By PEIA ASSOCIATI – Milan-based company.
- Opened in 2018
- All elements of the resort's design take from the natural environment from the use of natural materials:
- An aerial view reveals an outline in the shape of a fish, a distinctive reflection of the beauty of surrounding marine life.
- The arrival jetty is structured to resemble clamshells and the ocean's waves.
- All the villas have a double roof in order to create perfect natural ventilation that can minimize the use of the energy for air-conditioning the entire resort. Inspired by the turtles back.
