PROPERTY OVERVIEW

Alua Sunny Beach Resort & Spa is a 5-star resort located in one of the most pleasant areas of Sunny Beach, on Bulgaria's Black Sea coast. As the first 5-star Alua property in Europe, the resort represents an elevated expression of the brand, combining a privileged seaside location with a wide range of services and facilities designed for a memorable holiday experience.

The resort is set in a lively holiday destination surrounded by hotels, entertainment venues and shops. The 8 km-long beach, with fine golden sand and a gentle slope into the sea, is ideal for families and children. Hotel guests can also enjoy a dedicated area of the beach, enhancing the overall 5-star resort experience.

Its location offers a unique combination of clean mountain air, sea climate and beautiful natural surroundings, creating a favourable microclimate for relaxation, recreation and entertainment. Breathtaking views over the bay of Sunny Beach also provide a direct view of the ancient town of Nessebar, a UNESCO World Heritage Site.

For guests looking for an upgraded experience, the resort offers the "My Favorite Club" option, which includes additional services and access to facilities for private use in a privileged area.

DESTINATION INFORMATION

Alua Sunny Beach Resort & Spa is located in Sunny Beach, one of the most established seaside resorts on Bulgaria's Black Sea coast. The destination is known for its long stretch of golden sand, clear waters and lively summer atmosphere, combining classic beach holidays with restaurants, bars, entertainment venues and a wide range of leisure options across the wider resort area. Sunny Beach is set on the southern Bulgarian Black Sea coast, around 3 km from the ancient town of Nessebar and approximately 30 km from Burgas, making it a convenient base for both beach relaxation and local exploration.

The resort lies on a wide bay opening towards the east, with the Balkan Mountains to the north and the historic town of Nessebar to the south. Its coastline stretches for around 8 km and is covered with fine golden sand and natural dunes, creating a broad and easy beach setting for guests who want to enjoy the sea, sun and outdoor holiday rhythm.

GASTRONOMY

Sunny Beach offers a varied dining scene, from casual cafés, fast-food venues and international restaurants to local taverns with traditional Bulgarian character and folklore-style entertainment. This makes the destination easy to enjoy for different types of travellers, whether guests are looking for a quick bite, a relaxed family dinner or a more local evening experience.

The surrounding coastal towns also add to the culinary appeal of the area. Ravda is known for restaurants, taverns and cafés offering a wide variety of dishes, including fresh fish and seafood specialities, while Sozopol is associated with typical Black Sea Bulgarian cuisine and a broad choice of local specialities. Together, these nearby destinations give guests the opportunity to discover the flavours of the Bulgarian coast beyond the hotel.

OUTDOOR ACTIVITIES

Sunny Beach is well suited to guests who want to combine relaxation with active holiday experiences. Seasonal activities available in the resort area include water sports such as surfing, water skiing, parasailing, paddle boats and jet skis, as well as beach volleyball, tennis, horseback riding, mini-golf, yacht clubs and organised excursions for adults and children.

The area also offers family-friendly water-park experiences nearby, giving guests an easy option for a fun day out away from the beach or hotel pool. Availability, operating dates and services may vary depending on the season, weather conditions and local operators.

BEACHES AND COASTAL EXPERIENCES

Sunny Beach itself is the main seaside attraction, with a long sandy coastline, resort facilities and a lively summer atmosphere. It is ideal for guests looking for classic beach days, sea-view walks, water sports and easy access to restaurants and entertainment within the resort area.

For a change of scenery, Sveti Vlas offers a more scenic coastal setting where the sea meets the lower slopes of the Balkan Mountains. Its south-facing beaches have fine golden sand, views towards Old Nessebar and a mix of quieter family areas and livelier zones with restaurants, cafés and water activities.

Ravda is another nearby seaside option, known for its calmer atmosphere, sandy beaches, clear waters and family-friendly character. The area is also close to one of the largest aqua parks on the Bulgarian Black Sea coast, making it a practical choice for guests looking for a relaxed beach visit or a family day out.

Guests looking for a more natural beach experience can also explore areas such as Irakli, classified by Bulgaria's Ministry of Tourism as a sea beach for nature-friendly tourism. As services in more natural beach areas may be limited, guests should check local conditions before visiting.

MAIN LOCAL ATTRACTIONS

- *Old Nessebar* – Located just south of Sunny Beach, Old Nessebar is the area's essential cultural visit. Set on a small rocky peninsula, this ancient town has more than 3,000 years of history and is listed as a UNESCO World Heritage Site. Visitors can walk through cobblestone streets, admire medieval churches, fortress remains, windmills and traditional Black Sea houses, and enjoy sea views from one of the most atmospheric towns on the Bulgarian coast.
- *Sunny Beach Resort Area* – The resort itself offers much more than the beach, with restaurants, cafés, bars, clubs, entertainment venues and seasonal attractions spread across the wider destination. It is a lively summer base for guests who enjoy having activities and leisure options within easy reach.
- *Sveti Vlas* – Situated north of Sunny Beach, Sveti Vlas offers a different coastal atmosphere, combining beaches, sea views and the nearby slopes of the Balkan Mountains. It is a good option for guests who want to explore a more scenic seaside town, enjoy coastal walks or discover a slightly more polished setting by the sea.

- *Marina Dinevi* – Located in Sveti Vlas, Marina Dinevi is a modern yacht port surrounded by beaches, restaurants and summer venues. Its setting in the northern part of the Gulf of Nessebar, below the Balkan Mountains, makes it an attractive place for an afternoon walk, a drink by the marina or a change of atmosphere from central Sunny Beach.
- *Ravda* – This nearby seaside village is known for its peaceful holiday feel, sandy beaches and family-friendly atmosphere. It offers restaurants, cafés and coastal walks, and is a convenient option for guests looking for a calmer alternative close to Sunny Beach and Nessebar.
- *Pomorie and the Salt Museum* – Pomorie offers a different type of excursion, combining local tradition, nature and culture. The Salt Museum is located within the Pomorie Saltworks and presents the history and techniques of salt production, while Pomorie Lake is a protected area with more than 200 bird species and forms part of the Via Pontica bird migration route.
- *Burgas* – The regional city of Burgas is a good day-trip option for guests who want an urban coastal experience. Its Sea Garden is one of the city’s main highlights, stretching for more than 5 km and combining green areas, sea views, cultural venues, restaurants and seasonal events.
- *St. Anastasia Island* – Located in Burgas Bay, St. Anastasia Island can be visited by sea and offers an atmospheric mix of legends, history and coastal scenery. The volcanic island once served as a monastery and later as a prison, and today it is one of the most distinctive excursions from Burgas.
- *Poda Protected Area* – Nature lovers and birdwatchers can visit Poda Protected Area near Burgas, one of the most important birdwatching sites on the Bulgarian Black Sea coast. More than 315 bird species have been recorded in an area of around one square kilometre, making it a remarkable stop for guests interested in wildlife and wetlands.
- *Sozopol* – For a longer day out, Sozopol offers historic streets, coastal views and a strong Black Sea character. Its old town is an architectural and archaeological reserve, and the area is known for restaurants serving typical Black Sea Bulgarian cuisine and local specialities.
- *Ropotamo Reserve* – Located further south, near Sozopol and Primorsko, Ropotamo Reserve is a nature-focused excursion with unique coastal flora and fauna. Organised boat trips along the Ropotamo River are one of the permitted tourist activities within the reserve, offering guests a slower, greener way to experience the southern Black Sea landscape.

MAIN LOCAL EVENTS

The Sunny Beach, Nessebar and Burgas area has a lively seasonal calendar, particularly during the summer months, with cultural programmes, folklore events, concerts, beach festivals and open-air performances. Guests should always check the latest local schedule, as dates and programmes may change each year.

- *Nessebar Feast Day – August 15* – One of the most important local celebrations takes place in Old Nessebar on August 15, marking the Orthodox feast of the Dormition of the Virgin Mary. Celebrations usually include religious services, open-air concerts and fireworks over the sea.
- *Folklore and cultural festivals* – The wider municipality hosts music, dance and cultural events during the season, including international folklore festivals and local cultural programmes. These events are a good opportunity for guests to experience Bulgarian traditions, costumes, music and performance in a holiday setting.
- *Burgas summer events* – Burgas offers one of the most active cultural calendars on the Black Sea coast, with events ranging from open-air opera and beach festivals to sand art and sports events. This makes the city a valuable option for guests who want to combine their beach holiday with a cultural or urban evening out.

- *Seasonal resort entertainment* – During the summer season, Sunny Beach and the nearby towns offer a changing programme of entertainment, nightlife, family activities and local events. Schedules depend on the season and should be checked locally during the stay.

Furthermore, the chat feature allows guests to contact the hotel's reception from their mobile devices. Guests can also request any type of service, whether it be room service or amenities, or even reservations for a table in one of our restaurants. In turn, our associates can manage all of our guests' requests from a single platform, reducing waiting times and queues and it enables greater control over what is happening in our facilities in real time.

Additionally, with our Hyatt App, we eliminate tons of paper, and achieve a faster and more efficient service management.
