#Timeisonyourside

At Novotel, we believe that quality time is about making everyday moments matter. Everything has been thought to enhance our guests' life balance, sense of wellbeing but also enjoyment.

Whether through our intuitive & modern design or our large range of rewarding experiences, everyone can disconnect from their busy life or make time to connect with their family, friends or colleagues.

This combination makes Novotel the perfect spot for travelers and locals to have a drink, a bite to eat, to work, play or just relax.

Brand Story

Born a modernist pioneer in the late 60's with a clear vision:

Create a European version of the US Motel concept, providing high level of comfort, relaxation and safety standards.

Rationality, productivity and identical mass-produced rooms were new concepts.

Today, we focus on the beauty of simplicity and a clear mission: reimagining everything to reshape time, anticipating the needs of tomorrow.
