ANTALYA AND HISTORY

Awaken Your Senses

Antalya, the jewel of Turkey's Mediterranean coast, is a tourism paradise that captivates visitors throughout the year with its historical riches, natural beauty and mild climate. Founded 2,200 years ago by King Attalos II of Pergamon, the city has been home to many civilisations throughout history, including the Lycians, Romans, Byzantines, Seljuks and Ottomans, and has carried the traces of these cultures to the present day. This multi-layered history is evident in many works, from ancient cities to castles, mosques and theatres.

Kaleiçi, known as the heart of Antalya, is the oldest settlement in the city. Walking through its narrow streets, you can see houses from the Ottoman period, Hadrian's Gate from the Roman period, and the Seljuk structure Yivli Minaret. Kaleiçi's enchanting atmosphere is a place where ancient times and modern life intertwine. Furthermore, in this area overlooking Antalya Harbour, you can enjoy the sea view and explore the city by getting lost in its historic streets.

Another of Antalya's historical treasures is the ancient city of **Perge**, located quite close to Belek. Famous for its massive Roman-era structures, columned streets, and theatre, Perge was one of Anatolia's most important trade centres in ancient times. Furthermore, the **Aspendos Ancient Theatre**, located approximately 21 kilometres from Belek, is one of the world's most impressive ancient theatres with its excellent acoustics and well-preserved structure. Still used for concerts and festivals, this theatre is a magnificent example of Roman architecture.

The natural beauty surrounding Antalya is just as impressive as its historical riches. The city boasts a unique geography where sea, mountains and forests come together. **Düden Waterfall** is one of Antalya's most popular natural attractions. You can take a walk in the refreshing atmosphere of the waterfall and enjoy nature. Additionally, **Kurşunlu Waterfall** is located in a lush green valley and is an ideal getaway for nature lovers.

Antalya also offers a blend of nature and history with ancient cities such as **Olympos** and **Phaselis**. Olympos, one of the important cities of the Lycian civilisation, attracts attention with its magnificent nature surrounded by the sea. You can go on nature walks in Olympos National Park and enjoy the sea and the forest. **Yanartaş**, located in the **Çıralı** region, offers a mystical atmosphere with natural gas flames that light up the night and has been the subject of ancient mythology.

Köprülü Canyon, located west of Antalya, is a magnificent destination for both nature sports and nature lovers. You can spend a day filled with activities such as rafting, hiking and camping, enjoying a peaceful nature getaway accompanied by the magnificent views of the Taurus Mountains. The canyon region also attracts attention with its rich vegetation and wildlife.

Antalya's coastline offers the turquoise waters of the Mediterranean Sea and golden sandy beaches. **Konyaaltı** and **Lara Beach** are some of the beaches close to the city centre and easily accessible. Additionally, holiday resorts such as **Kemer**, **Kaş** and **Alanya**, which can be reached by a short journey from Antalya, also impress with their clear sea and modern tourist facilities
