

**CASSIA COTTAGE™**  
PHU QUOC

- 1 hour 50 minutes from Hanoi

## THE RESORT OVERVIEW

Cassia Cottage is an intimate boutique beach resort in Phu Quoc. Its uniqueness is rooted from its history as a private family retreat built in 1999, from how it evolved out of love and care by the owner, and from how its story and old Phu Quoc shaped its charm and character.

In 2016 the property grew from 20 rooms to 60 to include the neighbouring coconut plantation. The new expansion is the result of a labour of love that ensured the same carefree character and ambiance that is the hallmark of Cassia Cottage.

The low-rise structures and abundant greenery give Cassia Cottage a lovely fresh openness that encourages calm and relaxation. Together with the warm genuine local hospitality, guests can feel totally at home.

## COMFORTABLE STAYS

Cassia Cottage is a place to switch off and unwind. All our rooms and cottages are tastefully furnished and blend with the natural surroundings. Expect all the amenities of a premium hotel, aside from a television, leaving guests to make the most of the resort and the island.

Our accommodation options have different personalities. Offering old world charm is the family retreat turned holiday villa and cozy cottages nestled in our garden. For modern comfort, try our spacious and well-appointed premium rooms or beach houses that catch the ocean breeze.

All rooms are non-smoking. However, they have balconies or terraces where ash-trays are provided.

## Seaview Rooms

The Seaview Rooms preserve the charm of the original family retreat built in 1999. The large single-storey 3-bedroom home underwent careful refurbishment and was transformed into four quaint Seaview Rooms. Retaining the building's main structure, with three rooms occupying their original space, the kitchen was lovingly rebuilt to become the fourth room. The Seaview Rooms share a large terrace with sun loungers by the swimming pool. Surrounded by luxurious gardens, these rooms also enjoy peaceful views of the ocean.

## Modern Rooms

Opened in 2016, these rooms are located within the new grounds of Cassia Cottage. Thought and care went into ensuring that the Modern Rooms, although contemporary in styling, integrate with the overall style and character of Cassia Cottage. The Modern Rooms occupy 2-storey buildings with balconies and terraces that provide carefree outdoor lounging. Rooms are spacious and comfortable, and their simple elegant interiors are complemented by natural wood furnishings.

## THE SPICE HOUSE

The Spice House restaurant evolved from the owner's family kitchen. Using exclusive recipes from a spice expert's cookbook, the dishes take advantage of fresh local ingredients and deep knowledge of Vietnamese spices. The result is a menu that blends Vietnamese dynamism with Mediterranean sensibilities; complemented by an impressive wine selection.

Completely free from MSG, preservatives or coloring, the ingredients are sourced from local sustainable produce and the finest imported products.

Located by the beachfront, the open-air concept of The Spice House allows for dining to the peaceful sound of waves breaking on the shore, with the backdrop of a setting sun.

## THE MALABAR

Overlooking the sea, there is no better place to catch the gorgeous Phu Quoc sunsets than at The Malabar – simply perfect for sundowners, with tunes kept low for a totally chill-out ambiance.

The Malabar can mix up any cocktail, so ask the bartender for your favorite. Or order from the wide selection of alcohol and spirits, including premium brands.

Here you will find the only functional pool table on the beach, and there are also board games and cards to share.

To satisfy hunger pangs food is available, like the real meat Cassia-seasoned sausages.

## CASSIA WELLNESS

Like the rest of the Cassia Cottage resort, the massage and yoga pavilions take advantage of the surroundings, with airy spaces in tranquil corners, amidst fresh greenery and soothing sounds of the sea.

### Massage Treatments

Soak up the island atmosphere with treatments offered in seaside pavilions. Soothe your senses to the sounds of the ocean lapping the shore as you enjoy massages from around the world.

Allow our local therapists to indulge you in a Vietnamese or Thai massage, or select one from our wellness menu. Perhaps try reflexology and facials or just a mani-pedi.

### Seasonal Yoga Wellness

Get your mind and body fully harmonised – seasonal yoga is available by one of our international standard instructors.

Enjoy rejuvenating sessions at the yoga pavilion set in a quiet corner of our garden. Guests receive one hour complimentary group session in the mornings and evenings, for up to 15 guests.

## FACILITIES & ACTIVITIES

There is a wonderful carefree environment found at Cassia Cottage – its fresh openness amidst beautiful lush gardens with quaint walkways, and its gorgeous beach.

Relaxing spaces are provided by 3 refreshing swimming pools overlooking the beach – the infinity pool by The Spice House, an adult pool and a kid's pool.

Apart from the 160 meter main beachfront, Cassia Cottage has created a 77 x 30 meter stretch of private beach – perfect for a blissful lie in the sun!

Go to the library to get some time out of the sun. Open and airy, the abundant greenery and fresh sea breeze can still be enjoyed amongst the books available.

For interesting in-door time, attend our cooking classes. Visit the local markets then discover how to cook up Vietnamese dishes from The Spice House chef.

Explore Phu Quoc. We can organise tours and outings, boat rides or a round of golf. For free and easy trips, rent a bicycle or motorbike.

Romantic weddings or small parties or events can be organised. Send us an email and find out how Cassia Cottage can make your special day truly memorable.

# SUSTAINABILITY & ENVIRONMENTAL CONSCIOUSNESS

## Sustainability

- We source locally whenever possible, supporting local producers, farmers and fishermen.
- We support the development and progress of the Phu Quoc inhabitants by recruiting locally. They may have come to us with limited education, but if they have talent and motivation we provide the training and the opportunity to grow with us.

# WHAT OUR GUESTS SAY ABOUT US

## Really wonderful hotel

This hotel is really great. The grounds are beautiful and spread out in a way where it never feels crowded. We were honestly completely underwhelmed with phu quoc island itself, compared to Thailand and Philippines islands, but cassia cottage saved the day in that its high level of quality made up for what is otherwise a somewhat ordinary beach destination. The hotel quality can't be understated, from breakfast, to the restaurant, to the pools, to the bar. Really great staff, and just an all around enjoyable experience. Highly recommend this hotel. If going to phu quoc it is worth staying here 100%.

## What a great place to stay!

We spent great 8 nights in Cassia and there is nothing to complain about even if you try hard! The hotel and the area is very well maintained, service level is 5\* as well as all the amenities and facilities! 3 pools and the biggest one is infinity pool with the open sea view! The private beach is kept super clean what is not very common on the island. The both breakfast and dinner selection in the restaurant as well as the quality of the food are very good! We were looking at few other resorts before booked Cassia and after the walk on the beach we realised how good our selection was. If it was up to us, I would not hesitate to rate Cassia No1 on the island. Location is perfect, the hotel grounds are great as well as the staff! Very well done!!!

Thanks for a great stay!

## Pure relaxation at an environmentally friendly resort

What a wonderful stay we had at Cassia Cottage. We were arriving from a few days of busy city travels and this hotel was exactly what we needed to unwind. The location of the hotel is on long beach on the west side of the island - it has the sunset view in the evening! We were staying in room 1A (large sea view room): the room was big with a seating area and a baldaquin bed with mosquito net. The shower is outdoors and it was quite exceptional to experience this! We had our own private balcony with sun chairs (the balcony is covered which is a plus when it rains). This was basically our hang out spot for the whole stay, reading and looking at the sunset and the beach. There are free yoga sessions everyday which enhances the green mindset and conservation of the environment. The pools: one infinity, one for the kids and one adult-only - all wonderful. The staff and manager (David) were very attentive and interested in our wellbeing during our stay, but without ever being intrusive. We had 2 massages as well and both therapist were great. I could not recommend this place enough if you are staying in Phu Quoc! Thank you, it's one of our highlights of the trip.
