BAA ATOLL EXCLUSIVE SNORKELING EXPERIENCE WITH GIANT MANTAS

EXCLUSIVES

Manta Snorkeling Hanifaru Bay *(3 hrs)*
USD 280

The heart-shaped Baa atoll is formed by 105 coral reefs & hosts 61 islands. The entire atoll is a UNESCO Biosphere Reserve with countless marine protected areas. Avani+ Fares Maldives Resort is located close to two of its most popular landmarks; the 5 islands landmark, a picture-perfect formation of circular islands naturally lined up in a row and the great Hanifaru Baywhere you can snorkel largest amounts of manta rays in Maldives during the season & even spot the occasional whale sharks. Usually, May to November is the season for the Manta Rays in the atoll and we arrange this exclusive opportunity to snorkel with these giant creatures of the sea in their annual gathering to feed on tiny planktons that are abundant in the Bay.

Manta Snorkeling Hanifaru Bay *(min 6 pax)*
