

An aerial photograph of the HuvaFen Fushi Maldives resort. The image shows a long, winding wooden pier extending from a small island into the turquoise ocean. Along the pier, there are numerous overwater pavilions with thatched roofs. Some pavilions have private swimming pools. The water is a vibrant blue, and the sky is filled with fluffy white clouds. In the distance, other islands and a small boat are visible on the horizon.

HUVAFEN FUSHI'S TWO AND
THREE-BEDROOM PAVILIONS

WHAT YOU NEED TO KNOW

Huvafen Fushi extends beyond its couples-focused heritage to accommodate multi-generational families, groups of friends and milestone celebrations in spacious, design-led two- and three-bedroom pavilions.

THE STORY

All four pavilions are designed around a simple philosophy: your people deserve space to be together and space to be alone. Morning coffee in silence. Late-night conversations that run until dawn. Solo swims before breakfast. Shared sunsets with drinks in hand.

The mix of sunrise and sunset orientations means there's a beautiful view for everyone. The spacious floorplans – ranging from 330 to 800 sq m – ensures groups never feel squeezed. And the recent refurbishment of our flagship Three-Bedroom Beach Pavilion means everything feels fresh, considered and quietly luxurious.

Finally, a place where everyone will put their phones down.
