

Kuda Villingili Resort Maldives Unveils ‘Chuk Chuk’, a New Family Adventure Train Just 30 Minutes by Speedboat from Malé Airport

The complimentary daily island train experience invites children and families to discover the resort through storytelling, exploration, popcorn, and homemade ice cream

Kuda Villingili Resort Maldives has launched Chuk Chuk, a new Family Adventure Train designed to create a playful island experience for children and families.

Operating daily from 1700hrs – 1730hrs, Chuk Chuk invites young guests, parents, grandparents, and siblings on a complimentary guided journey around the island. Hosted by the resort’s Kuda Fiyo Kids Club team, the train experience combines storytelling, discovery, and light adventure, introducing children to the island’s tropical surroundings, resident wildlife, lagoon views, and the natural beauty of the Maldives.

Among the first experiences of its kind in the Maldives and the first family-focused island train experience within easy speedboat reach of Malé, Chuk Chuk adds a distinctive new element to Kuda Villingili’s family offering. Created as more than a children’s activity, the new experience encourages families to come together and share a memorable afternoon tradition during their stay.

The journey concludes at The Bar, where families are welcomed with freshly popped popcorn and homemade healthy ice creams, creating a warm finale to the island adventure.

“Families today are looking for destinations where every member of the family feels considered. Chuk Chuk is not just an activity — it’s a moment of connection.” — Amjad Thaufeeg, Commercial Director, Kuda Villingili Resort Maldives.

The launch of Chuk Chuk reflects the resort’s continued focus on family and multigenerational travel. As parents increasingly seek destinations that offer engaging experiences for children alongside comfort and convenience for adults, Kuda Villingili continues to develop activities that bring families together through discovery, creativity, and shared moments.

Chuk Chuk builds on the resort’s wider family proposition. At Kuda Fiyo Kids Club, young guests can enjoy a varied programme of activities including arts and crafts, cooking classes, treasure hunts, nature exploration, educational workshops, seasonal celebrations, and outdoor adventures.

Kuda Villingili is also designed with family comfort in mind. Located within easy speedboat reach of Velana International Airport, just 30 minutes away by speedboat, the resort offers a convenient arrival experience without the need for domestic flights or seaplane transfers. Families can choose from spacious villas and residences, including Two, Three, and Four Bedroom Villas and Residences, offering privacy, flexibility, and indoor-outdoor living spaces suited to family and multigenerational stays.

On the island, families can enjoy calm lagoon waters, soft-sand beaches, dedicated children’s menus across the resort’s eight dining venues, and a 150-metre swimming pool, one of the largest in the Maldives, with shallow areas suitable for younger guests.
