You will be greeted by our Airport Representative, who will be holding a Niyama Private Islands signage at the arrival area of Velena International Airport, and you will be escorted to the Seaplane Terminal. During your time at Seaplane Terminal, you may enjoy refreshments in the Seaplane Private Lounge.

Seaplanes operate only during daylight hours. Should the flight land after 3:15 PM (example: EK660 landing at 3:30 PM), we are able to offer the seaplane transfers, provided that the guests are checked in for their seaplane transfer with Manta by 4:30 PM at the latest. In case the guests were not able check in before the cut off time, then Domestic flight to Niyama Private Islands will be an alternative.
