

HUMA
KOTOR BAY

HUMA KOTOR BAY HOTEL & VILLAS WHERE MYTHS COME TO LIFE

In the ancient empire of legends lived a fabulous bird, the mightiest of all the sky creatures. Flying high above the highest mountain peaks, far from the human eye, the bird had never landed. Roaming the unreachable and endless skies, it was a creature of awe. To harm this bird in any way meant eternal damnation.

However, those who caught but a glimpse of the bird or found themselves under its fleeting shadow for but a moment, enjoyed prosperity and happiness ever after!

The bird's name was HUMA.

Immerse yourself in the spectacular nature of Kotor Bay, unwind on our sandy VIRTU beach and, as the Adriatic Sea washes away your worries, enjoy the Mediterranean sun.

Let your day be guided by pure indulgence, choose which of our pools you'd prefer to lounge next to, or watch the spectacular sunset from, before walking over to one of our world-class restaurants to experience flavors like never before, in our fine dining

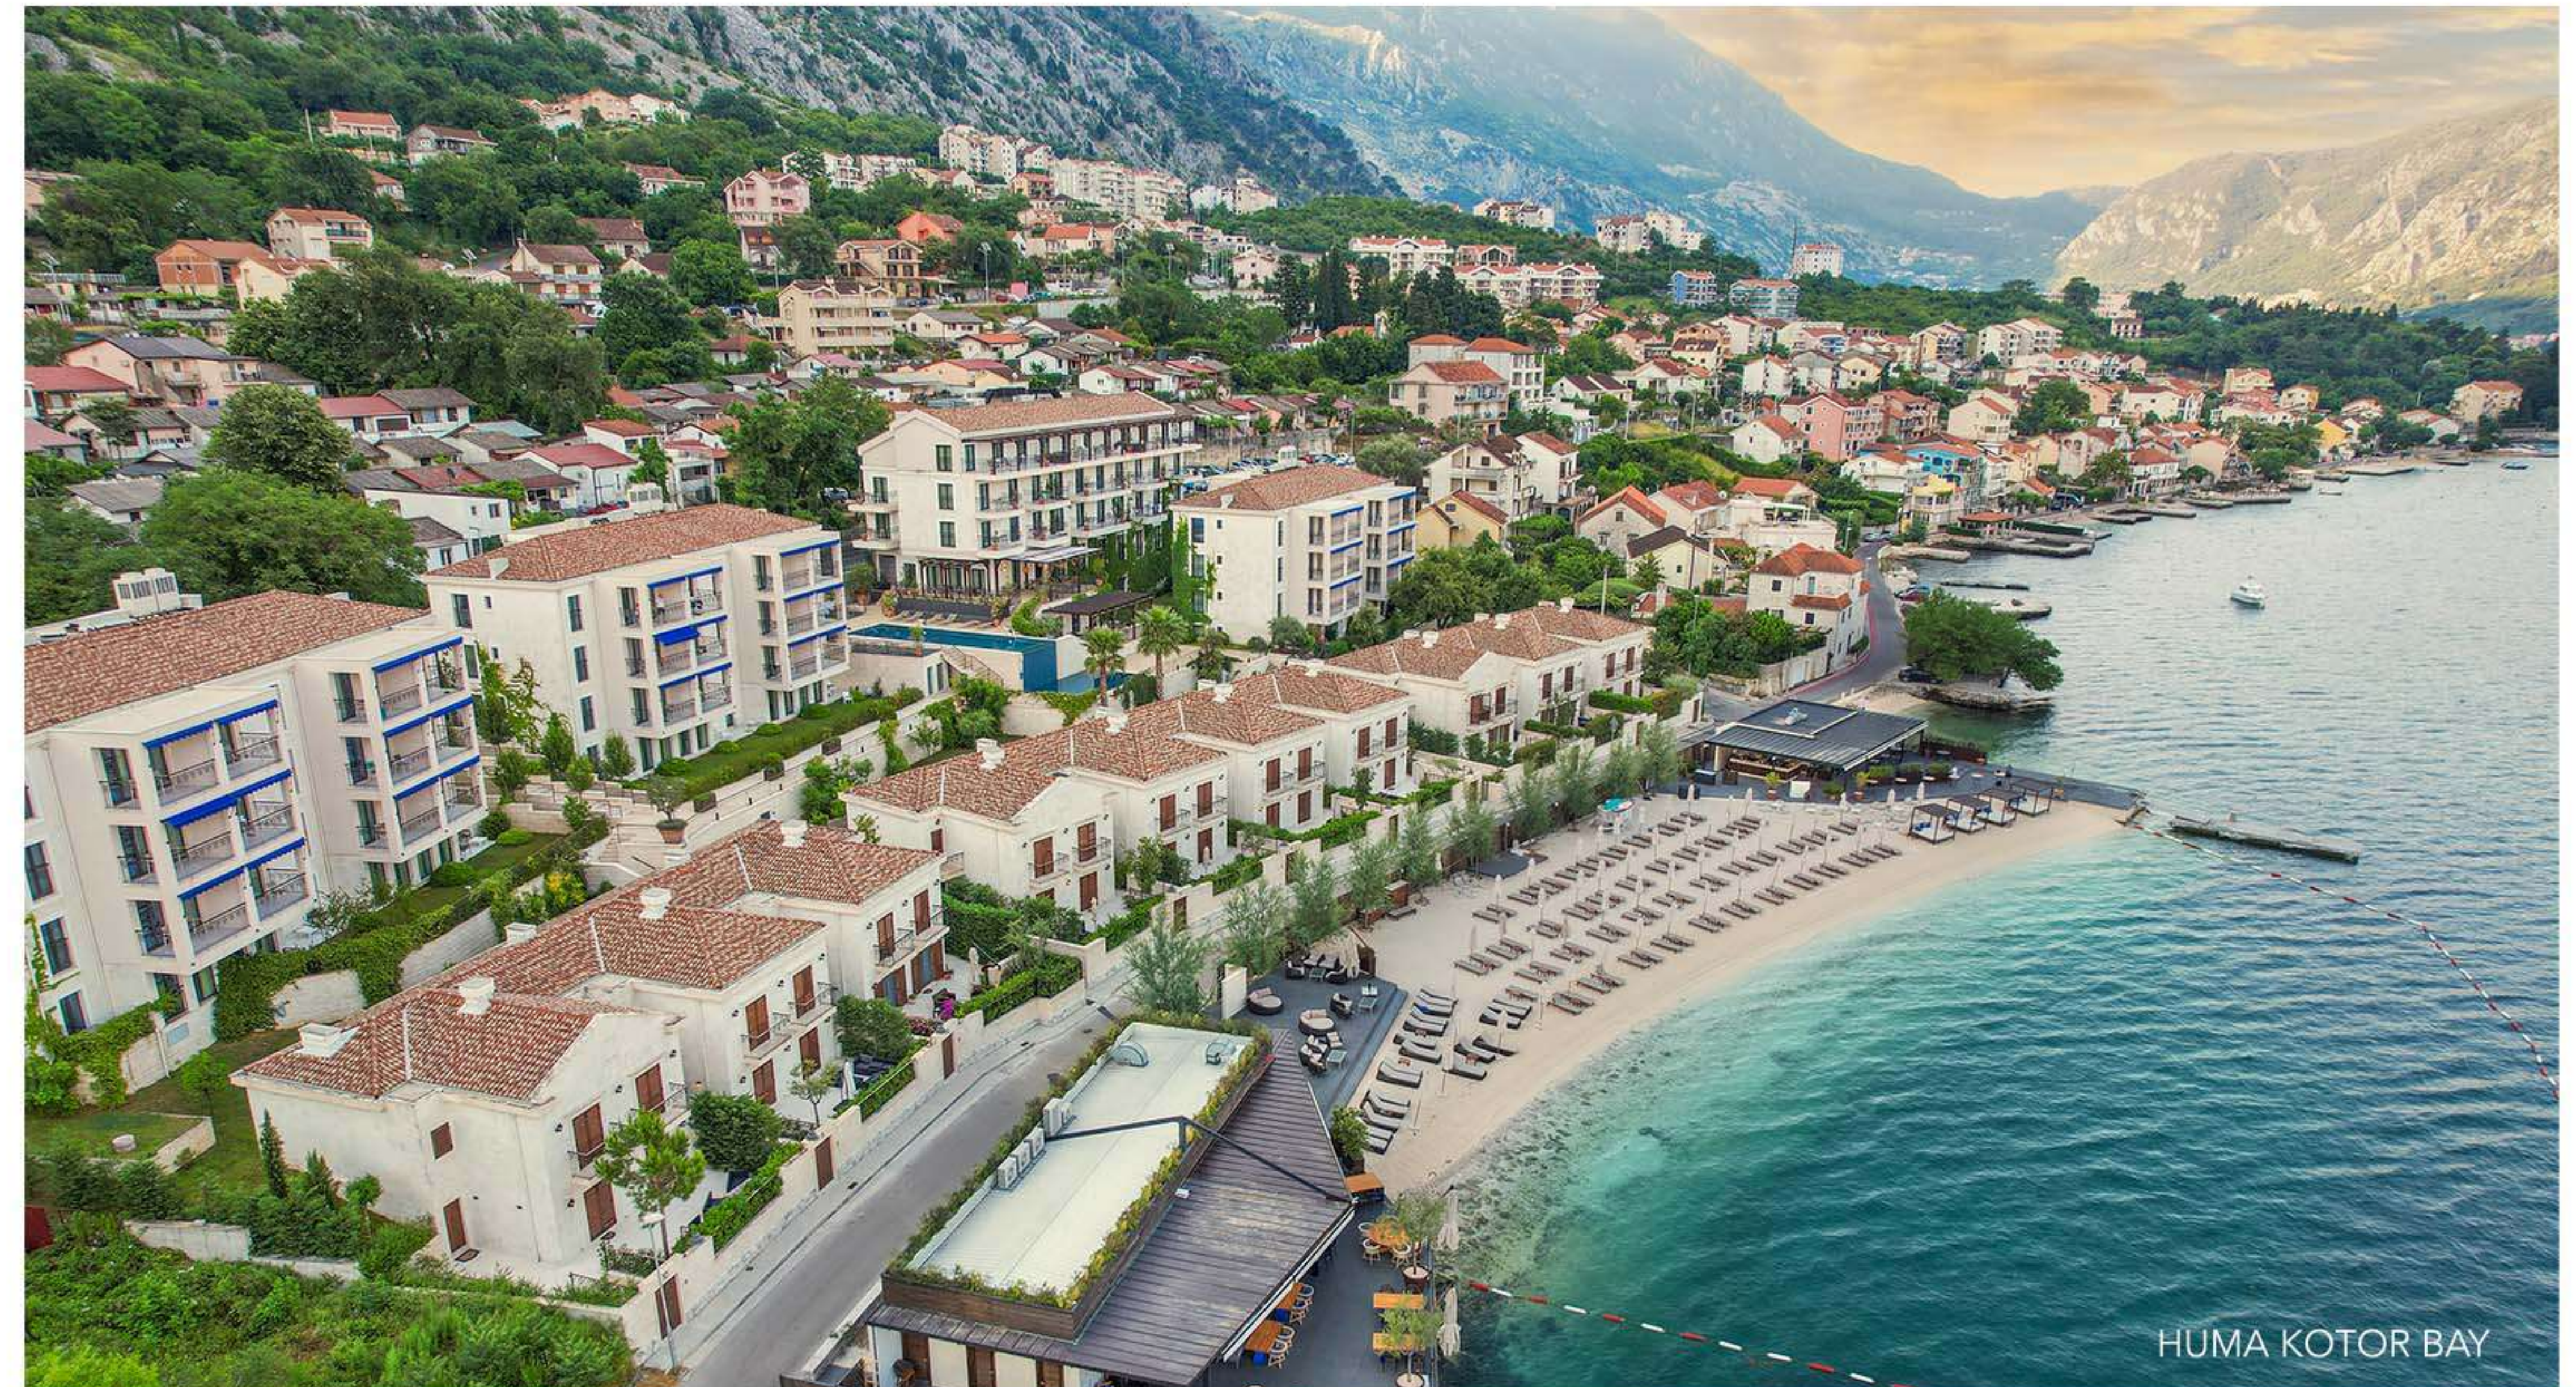

Mediterranean restaurant Mudra Art Cuisine or Asian flavors in our Sushi & Nikkei restaurant Lola Braza. Rejuvenation and revitalization, with an emphasis on wellbeing await at our Shanti spa center, where the entire team is at your disposal for all day pampering.
