

# ERAELIYA VILLAS & GARDENS

## FACT SHEET

### LOCATION

Eraeliya Villas & Garden is located in the South of Sri Lanka near Weligama, surfing mecca and one of the most developed areas at the South Coast. It is 2,5h away from the airport by highway. Eraeliya Villas & Gardens is situated right at the coast of the ocean with 2 surfing spots in front of the property.

### ROOMS

Eraeliya Villas & Gardens is a collection of six uniquely designed villas, with love for palladian architecture, interior design, art, gardening, slow lifestyle, travel and immersion in different cultures. Every room has its own private area, shower, AC, ceiling fan, safe box, minibar, kettle. We are providing filtered drinking water, tea and coffee, all the rooms are connected to fiber optic Wifi. Every accommodation is unique. There are nine living spaces in total:

**Villa Bawana Luxury Suites** - each suite 80 sq.m. (bedrooms – 40 sq.m.)

- **Alaya and Diviya Suites (Ground Floor)** with maximum occupancy of 2 adults. If the Pan-Asian modern tropical style is what you are looking for then we recommend staying in Alaya or Diviya Suites. The rooms are just a few steps away from the infinity pool. All the furniture is incredibly comfy and was made and carefully picked by hand in workshops in Sri Lanka. Be surprised by the immense rain shower and handcrafted details in every corner.
- **Samaya and Ramaya Suites (First floor)** with maximum occupancy of 2 adults. Ramaya and Samaya Suites are located on the first floor of Villa Bawana. If you love colonial chic, luxury and splendour, you will get great pleasure from our unique Suites. Spoil yourself in the magnificent marble bath made out of one solid rock and enjoy the huge canopy bed. French windows to the front of the suite open onto a private furnished balcony and offer a breathtaking view over the ocean.

**Garden House Nelum** - 61 sq.m. (bedroom – 25 sq.m.) with maximum occupancy of 3 adults.

Our luxurious Garden House Nelum has a special surprise for you: a huge bathtub made of a single piece of marble right in the bedroom. The rest of the space is divided into a cozy living room with a dining table and a chill out area with TV and a soft sofa that can easily be transformed into a bed.

**Villa Walauwa** - 209 sq.m. (bedrooms – 25 sq.m. + 22 sq.m.). Maximum Occupancy – 5 adults (one Extra Bed possible)

Villa Walauwa has a fully equipped kitchen, a living room with a lush sofa, TV and every other comfort you could imagine. However, life in Villa Walauwa revolves around the veranda. Here you will find an enormous dining table that seats twelve people and beautifully upholstered furniture for every taste. The shade and coolness of the tree canopy during the day, and the magnificent colors of the sunset in the evening will linger in your dreams long after you leave.

### **Ambalama Pavilion** - 57 sq.m. Maximum Occupancy – 2 Adults

Ambalama Pavilion is designed so that the house completely merges with the surrounding nature. Transparent walls evoke a feeling that the antique furniture and double canopy bed are standing right in the heart of an enchanted garden. Since only in the tropics it is possible to take a shower all year round outside - we built the bathroom under the open sky. Please be aware that Ambalama Pavilion is located closest to the main gate and the driveway. Although it is completely enclosed by the garden, we do.

### **Beach Hut Muhudu bella** - 52 sq.m. (bedroom – 20 sq.m.) Maximum Occupancy – 2 Adults

The Beach Hut Muhudu Bella is located away from the other spaces and is the closest to the ocean, just a couple of meters from the sandy Jungle Beach. Stepping out through the huge glass bedroom door and onto the secluded wooden terrace, guests can literally feel the salty spray on your face. Almost nowhere else you will find a chalet whose floor plan uses the golden Fibonacci spiral. To get to the bathroom guests walk down from the round bedroom via a swirling stairway. This is the closest villa to the beach so sounds from the beach may be heard.

### **Loft House** - 63 sq.m. Maximum Occupancy – 5 Adults

This space is called “Loft” as it is decorated with elements of contemporary Asian loft. High ceilings, iron structures like typical loft architecture in the colonial buildings blended all together with middle century furniture and art. There are two loft-style suites located here: Ocean Loft and Garden Loft. Both have a shared terrace, big private garden and outdoor ocean view seating area.

- **Ocean Loft** - 33 sq.m. and max occupancy – 3 Adults

It is an ideal place for digital nomads and all remote workers. It has two living spaces: one room and one attic with a king-size bed, and also a beautiful writing desk where you can comfortably work.

- **Garden Loft** - 20 sq.m. and max occupancy – 2 Adults

It is our second room of the Loft House. A huge corner king-size bed, TV and lovely bathroom create a cozy space for a rest. The house opens onto a lush tropical garden and offers a great ambiance to relax and enjoy.

## **RESTAURANT**

We serve soul food - fresh, local and healthy. All our food is organic, locally sourced and didn't travel thousands of miles to get here. We love to experiment with the island's superfoods. See, smell and taste them. Our diverse menu offers something for every taste. From our signature Tuna steak, to all kinds of fresh fish and plenty of vegan options. Try our very own creation: Eraeliya Curry Poke Bowl. It comes with barley, fresh vegetables, local herbs and coconut sambol. Sit down, lean back and enjoy every bite of your meal.

## **THINGS TO DO**

There are plenty of things to do at and around Eraeliya Villas & Gardens. Visit our Aroma Spa, chill next to the pool, join a culinary class, surf, go snorkeling, do yoga and many more...
