

Luxury Eco Chic Beach Villa Hideout

Koh Jum Beach Villas is a hidden gem where nature, relaxation and luxury combine. We are proud members of the Secret Retreats consortium which represents small, hidden jewels filled with charm and character. The collection includes boutique hotels, villas, lodges, cruises and restaurants all across Asia. Our eco boutique resort is SHA Certified and offers nineteen individually designed villas directly located on the resort's seven-hundred-meter-long beach or in lush tropical gardens with beautiful sunset views overlooking the Phi Phi National Park. Koh Jum is centrally located in Krabi while just only one hour away from Krabi International Airport, so ideal for exploring Krabi's amazing natural beauty, nearby islands or exploring one of Thailand's last great places – Koh Jum itself. You could also just lie by your private pool and read a book (or write one) the choice is yours!

Concept

Keeping true to our eco chic hideout beliefs, our villas, although luxurious, spacious, comfortable and private in nature, do not offer a television. We are an eco-friendly villa resort with beautifully attached open-air showers, mosquito nets and pedestal and ceiling fans in the bedrooms. We are proud partners of Trash Hero which is a community-based organization whose mission is "to bring communities together to clean and reduce waste." In addition to providing our natural and locally sourced amenities in the villas, we are now bottling filtered mineral water for our guests. As a leader in low density high sustainability development, we are proud Gold Members of Travelife. Please see this link below for more specific details on our sustainability program;

Location

The best port of arrival is Krabi International Airport. Our airport representative will welcome you and bring you to our private pier which is only a twenty minute drive. From there, subject to the choice you made at the time of booking a private long-tail boat (approx. 35 minutes) or private speed boat (approx. 20 minutes) will take you to Koh Jum Mu Tu Pier. From there we will bring you to the resort by local transport which does not take more than five minutes. We also arrange pickups from Phuket Airport, Ao Nang Beach, Krabi Town or from neighboring islands such as Koh Phi Phi, Koh Lanta, Koh Yao Noi or most other islands provided there is boat access.

Accommodation

Nineteen (19) villas are individually designed to provide a unique guest experience and sets the highest sustainable luxury benchmark for island resort living in Thailand. Our villas offer great natural ventilation and all villas do have air conditioning in the bedrooms. A cool breeze from the ocean and the sounds of waves adds to a great natural experience to sleep at night whilst keeping our eco footprint as low as possible. There are WiFi hotspots and personal safes in all the villas.

Driftseed Restaurant and Bar

Indulge in some of the most fantastic cuisine available in Thailand. Our cuisine concept is centered around the use of a lot of fresh organic ingredients and interesting presentations using local materials, maintaining authenticity along the way. Guests will also appreciate our selection of international cuisine including Italy, Japan and India.

Our bar is the best place to discover some artisan wines, exciting cocktails made by our resident mixologist or one of our single origin coffees just to name a few. Our bar list covers also fresh juices, smoothies and shakes as well thirst quenching long drinks, both with or without alcohol.

Breakfast: 7am – 10.30am

Lunch: 11am till 3pm

Snacks: noon – 8:30pm

Dinner: 5pm – 8:30pm (low season) 9pm (high season)

The Pool

Swimming and sunbathing are not the only activities to enjoy at our pool located at the Restaurant / Bar. Indulge in delicious gelato or refreshing sorbets, homemade snacks, thirst quenching iced long drinks, frozen margaritas, chilled rose wine and a selection of bubbles.

Activities

When you tire of laying on the beach, lapping in the sea or indulging in your luxurious villa, there are an abundance of private trips and activities to choose from. These include boat trips to the famous Phi Phi Island, breathtaking Railay Beach, Chicken Island, Hong Island and its stunning lagoon. Trekking in Koh Pu Mountain, private cooking classes in your villa, luxurious massage and Yoga classes and kayaking through the mangroves are also options.
