KRAM PATTAYA

LOCATION

Naklua Beach

Naklua Beach is a slice of 'real' Thailand in a city that often looks anything but. The beach is shared with the local fisherman, who you can see throughout the day plying their trade in the water or on the dock, and the horizon is dotted with the sight of fishing traps. There's a sandy beach to enjoy, and less in terms of watersports activities, meaning it's a great place to go for a swim and enjoy the more rustic scenery from the water.
