PRIVATE BEACH

Stay on Nakalay private beach, one of Phuket's last remaining unspoiled private beaches and conveniently situated close to world-famous Patong beach and Kamala beach.

TROPICAL LAGOON POOL

Enjoy over 4,000 square meters of swimming pool area, one of the largest lagoon swimming pools in South East Asia.

BOTANICAL GARDENS

Get lost in the beautiful and never-ending tropical garden grounds as you discover endless wildlife and exotic species of plants, trees, and flowers.

BEACH ZOO

Everyday during designated hours, our resort animal residents visit the beach zoo area to greet and play with our guests. Guests can interact and feed a wide array of friendly animals including rabbits, turtles, parrots, and teacup pigs.

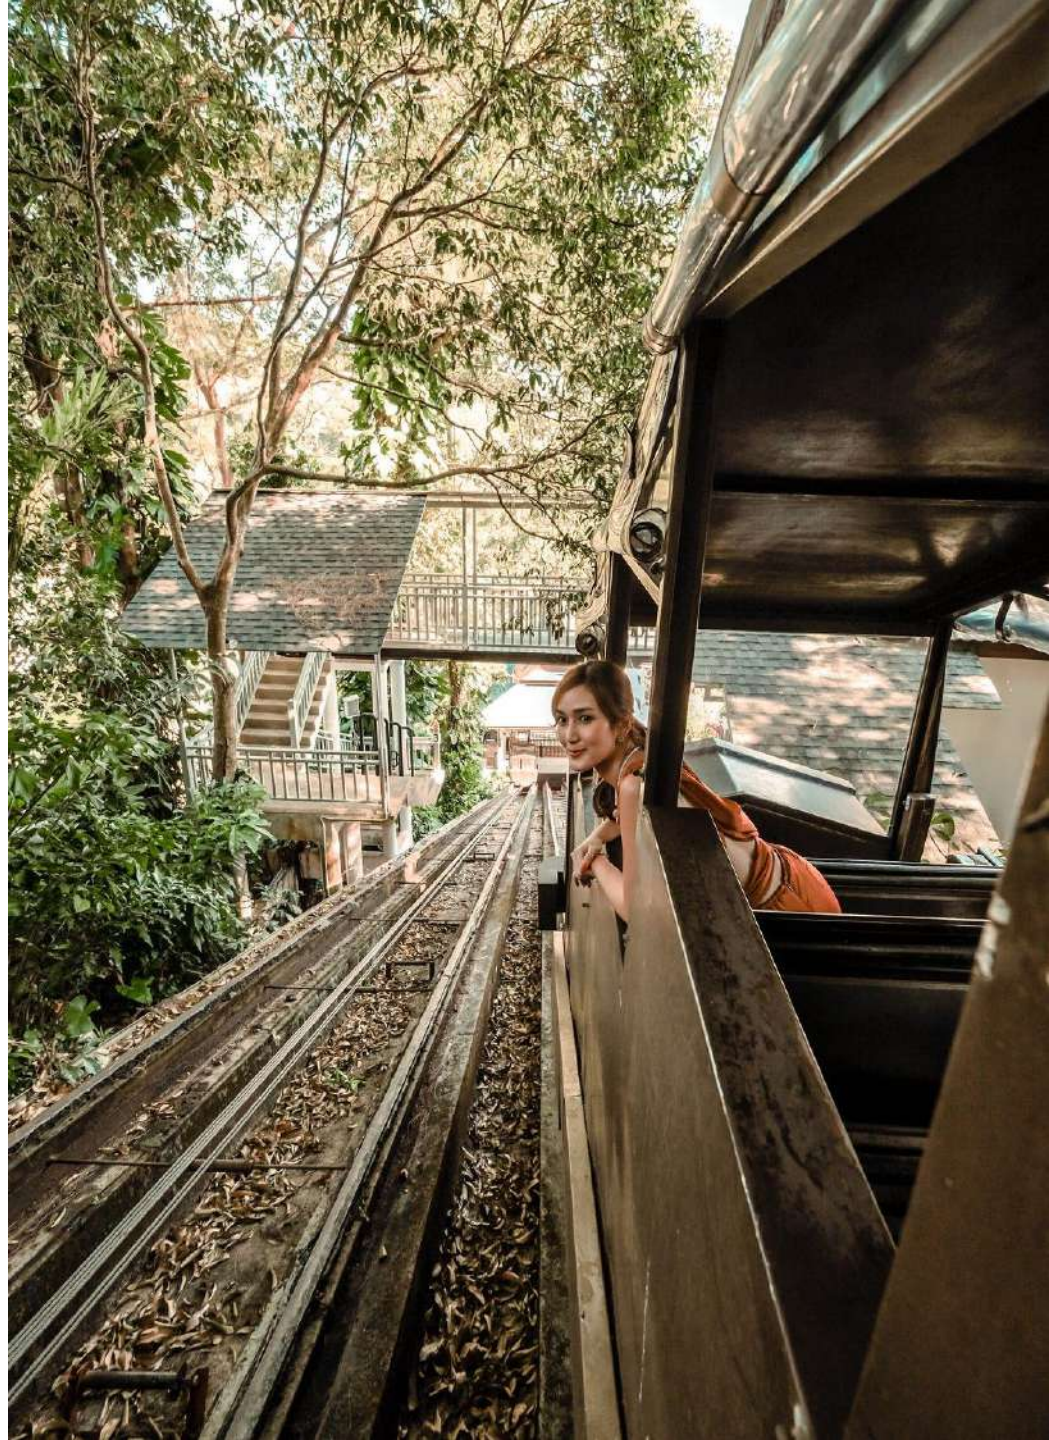

THE FIRST CABLE CAR IN PHUKET

A fun and exciting ride to the Hillside
Zone rooms.

As a luxury resort set on a striking hillside, Thavorn Beach Village Resort & Spa's cable car offers breathtaking views of the resort grounds and part of the Andaman Sea from the Hillside Zone rooms. We provides a one-of-a-kind way to access hillside zone's rooms through our unique cable car.

Features:

- A **fully safe funicular railway**
- An **open design** that lets guests enjoy the beautiful forest scenery and the fresh ocean air
- A flexible operation working from **07:00 to 22:00 hrs.** Guests can also call for a separate complimentary car service to navigate to/from our Hillside zone.

Committed to Sustainability

At Thavorn Hotels and Resorts, we are committed to sustainability. Staying aligned with our motto **"Where Thai Tradition Meets Nature,"** we have spearheaded several environmentally-friendly initiatives. In 2019, we received the prestigious Thailand Tourism Authority (TAT)'s "Responsible Thailand Awards", being one of only six organizations in Thailand to receive such accolade.

"Save Nakalay Reef" – a Coral & Marine Life Conservation project

Website: www.phuketcoralconservation.com

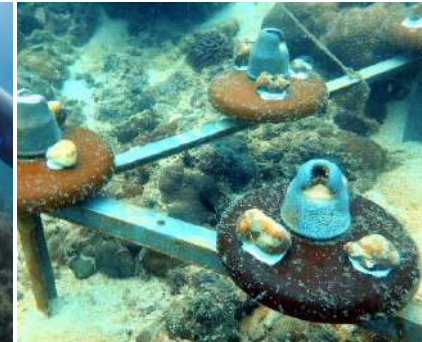

- We are the first to collaborate with Thailand's Department of Marine and Coastal Resources (DMCR) to save, grow, and nourish corals on natural reefs in Phuket. To date, we have assisted 1,600 coral fragments throughout Nakalay Bay.

Energy Efficiency Projects

- Replaced fluorescent bulbs with LED light efficient bulbs
- Conserve energy by using high voltage electrical appliances during off-peak hours

Green Initiatives

- "Skip room cleaning program" - Offering guests the option to skip room cleaning in exchange for in-resort money vouchers.
- Use greywater for watering resort gardens and landscape
- Use recycled paper for office's internal reports
- The use of plastic bags is kept at the minimum
- Waste and rubbish are classified and separated in order to help with recycling
